The U.S. is the world's biggest gas supplier, generating billions of dollars in profit for energy corporations, yet deaths related to cold weather more than doubled between 1999 and 2022. Despite this, government heating assistance to low-income families in Massachusetts was cut by nearly half in 2024 and by another third in 2025. **EASTERN SERVICE WORKERS ASSOCIATION (ESWA)** needs you more than ever to join our Winter Survival Campaign!

ESWA is an all-volunteer, non-government funded membership association uniting low-income workers and concerned residents so we can fight to end poverty conditions and the government policies that are causing them. Our Winter Survival Campaign includes volunteers canvassing low-income neighborhoods to reach those most at risk during harsh winter weather; distributing supplemental food, blankets, heaters and winter clothing, conducting utility bill advocacy to prevent shutoffs, and more.

The Super Bowl Sunday Tamale Benefit supports ESWA's Winter Survival Campaign! You can help by ordering tamales; collecting orders from your friends, family, co-workers, and church members; and volunteering to make tamales!

Supplies are limited! Call ESWA today and let us know how you can join us.
